Attn: **ALL BACKFLOW TESTERS**

To Whom it May Concern:

Jackson County Water and Sewerage Authority (JCWSA) now requires all backflow testers apply and be approved to test backflows. To apply, the testing company must provide a Certificate of Insurance indicating a minimum of \$1,000,000 of Liability Coverage and to remain approved, the tester must provide Certificates of Insurance annually. Each individual tester must sign the vault entrance waiver, agree to the code of conduct, and submit a tester application, which is attached to this letter.

Please be aware that JCWSA will only allow backflow tests completed by Georgia certified testers currently registered with Georgia Association of Water Professionals (GAWP). All applications and test results must include a valid BPAT number.

Should you have any questions or need any additional information regarding this project please feel free to contact our office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joey P. Leslie'.
